Bucharest, the 25th of February 1992

Dear Dr. Ayad,

The completion of the academic requirements for the MA degree in Diplomatic Studies by Mr. Emil Nistor, Mr. Cristian Cristea and Mr. Florin Vodita, offers me the pleasant opportunity to extend to you my profound thanks for the high quality of the courses and the continuous support and guidance provided to the three Romanian diplomats throughout the whole period they studied at the Diplomatic Academy of London.

Please also convey my gratitude to all the professors and visiting lecturers who contributed to the entire programme.

Your important role in the task of training our new generation of diplomats is very much appreciated and the superior academic standards of your institution as well as the impressive results achieved so far, have convinced me that further strengthening of our cooperation would be highly beneficial for my country.

Looking forward to meeting you in Bucharest, I remain,

Yours faithfully,

Adrian Iftastase
